01 Group Introduction

Development History

Initial Stage

1993-2000

Scale Expansion

2001-2008

Continuous Improvement

2009-2016

Innovation

2017-Now

Company Profile

Establishment 1993

Location Changshu

Always be the leader in the steel industry.

Integrated steel mill & downstream metal processing.

3 main products

Market share 60%

Export 40 countries

 More than **20** billion yuan

 More than **6000** employee

 **4.5** million tons steel making

 **5.0** million tons annual output steel products

Enterprise Honor

Certificate Of Honor

National Green Factory

China's Top 500 Private Enterprises 292

Enterprise Technology Center

China's Top 500 Private Manufacturing Enterprises 203

Enterprise Honor

- Grinding ball Champion of an individual industry
- PC steel bar Champion of an individual industry
- Bulb flat-gold quality award

- China Industrial Award
- Globally influential brand in the steel industry
- China's Industrial Carbon Peak "Leader" Enterprise

Organizational Structure

02 Our Branch

Special Steel Company

-  **2sets**
180 m² sintering machine
-  **2sets**
1080 m³ blast furnace
-  **2sets**
50t converter
-  **1set**
Advanced 115t EAF
-  **4.5 million tons**
Annual production of steel products

Product & Application

Semis

- Bar and Wire Rod
- Section Steel

Round Steel

- Grinding Ball
- Flange
- Forging

Ingot

- Plate
- Large Forgings

Wire

- PC Bar
- Welding Materials

Section Steel Company

1.2 million tons
Annual production capacity

4 most advanced
Steel rolling production line

9 countries'
Classification society

3 main products

Bulb Flat

Track Shoes

Angles

Product & Application

Bulb Flat

Shipbuilding industry

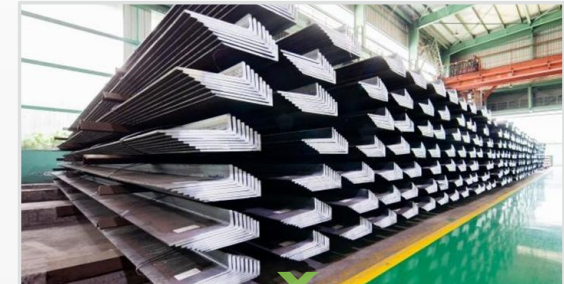

Track Shoes

Construction machinery

Angles

Shipbuilding engineering,
Power transmission

PC Bar Company

53.72% steel bars
Account for the global total sales

70 professional intelligent
Steel bar production lines

1.6 million tons
Annual production capacity

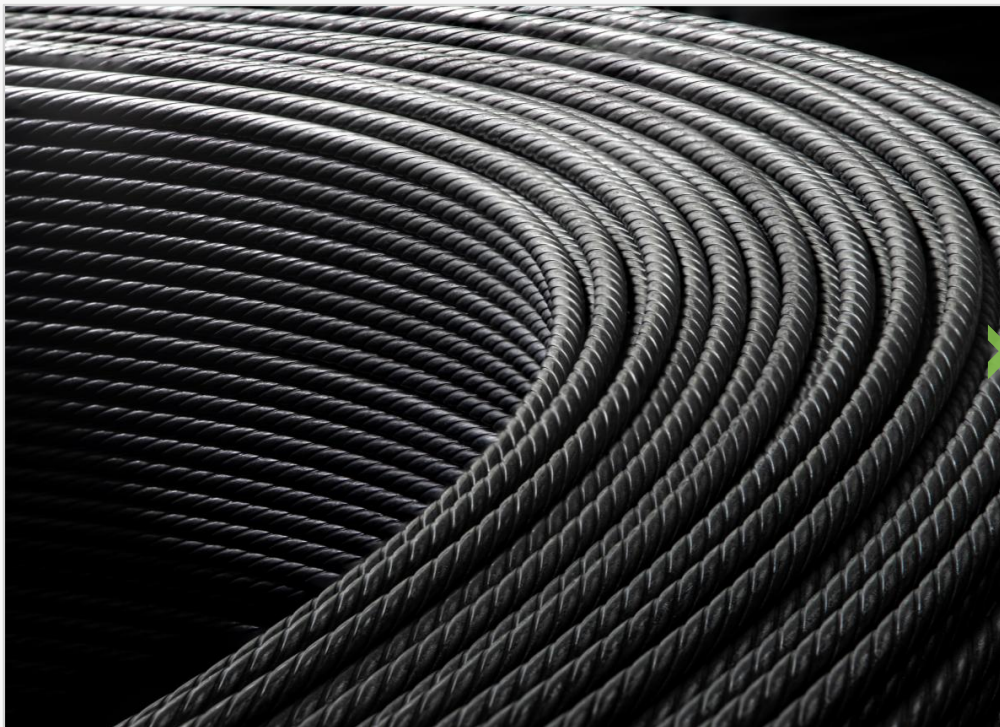

More than **60%**
Domestic market share

PC Bar Company

Product & Application

Grinding Ball Company

1 million tons
Annual capacity

TOP1 in China
Export volume has been the largest for many years

Copper Mine

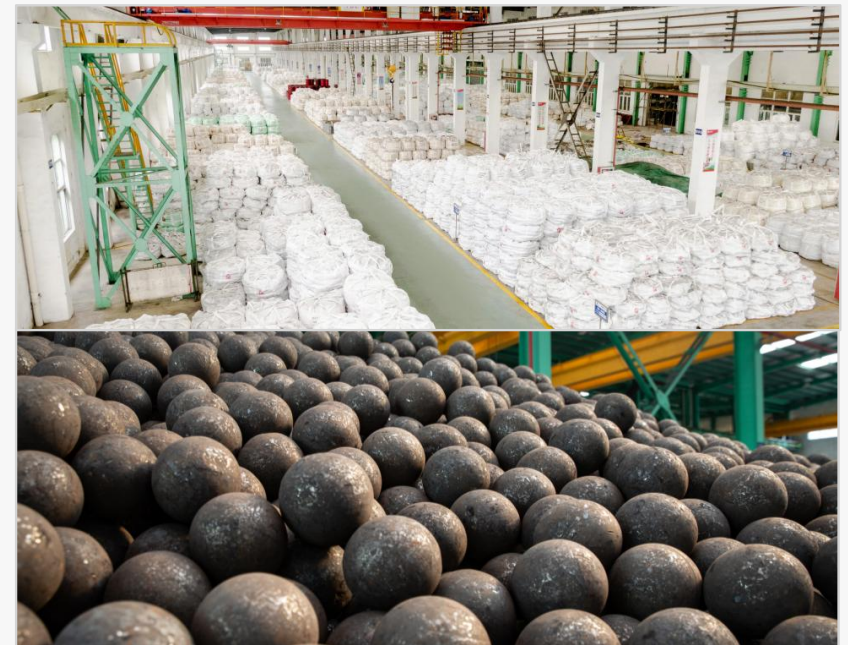

Gold Mine

Nickel Ore

Iron ore

Grinding Ball Company

Product & Application

Welding Material Company

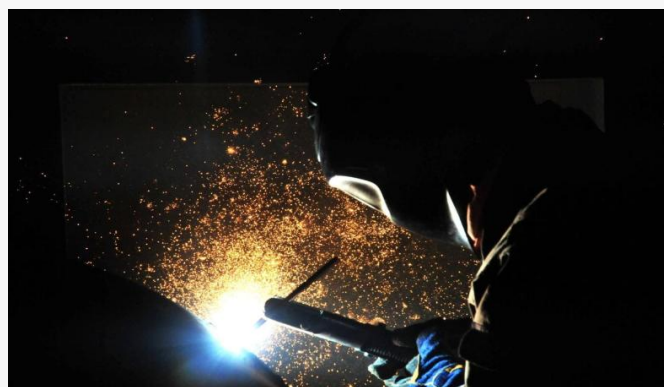

Product & Application

Series of welding materials

- Solid Welding Wire
- Flux Cored Welding Wire
- Welding Electrodes

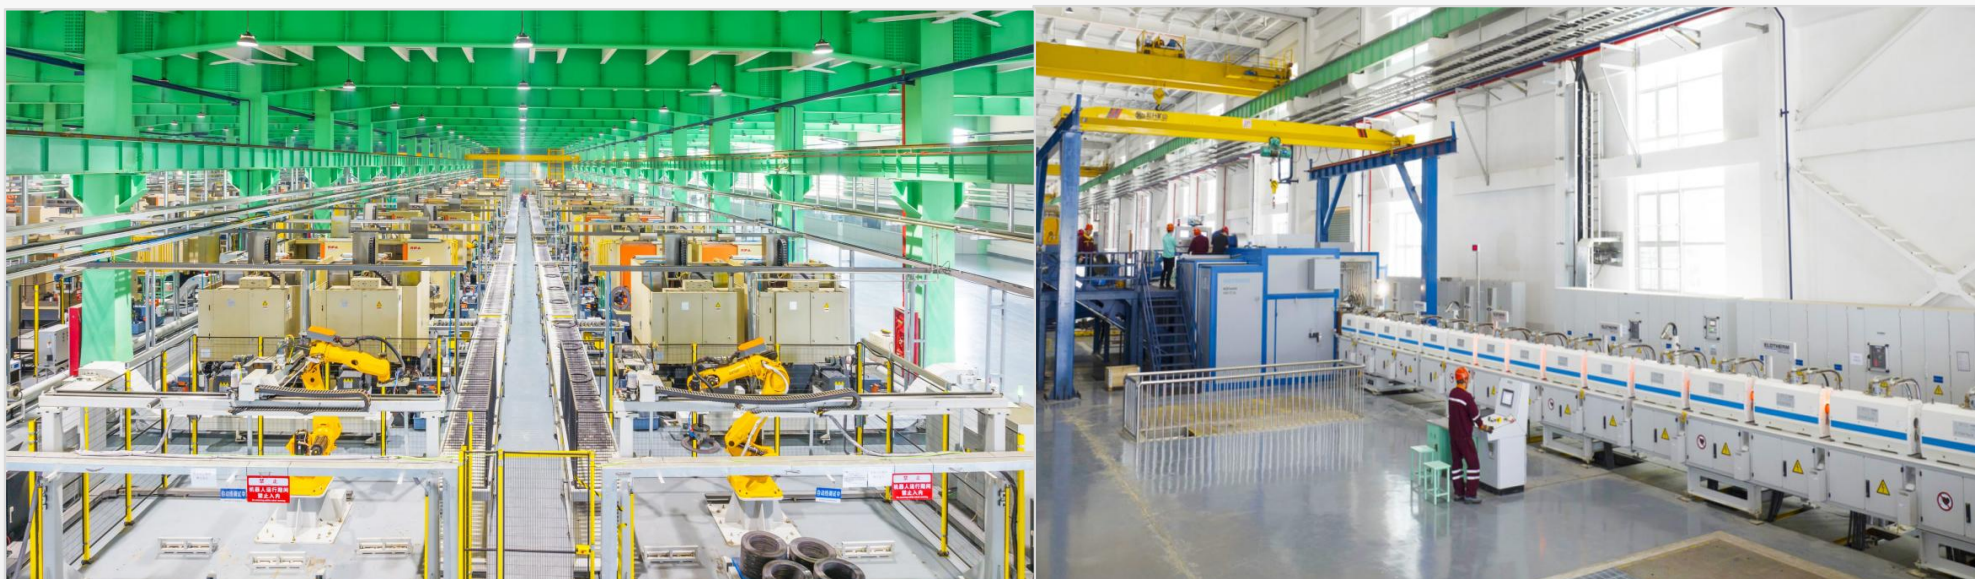

Auto Forging Company

 **820 million yuan**
Registered capital

 **2.5 billion**
Total Investment

 **40 million pieces**
Annual capacity

 **HATEBUR**
Main equipment

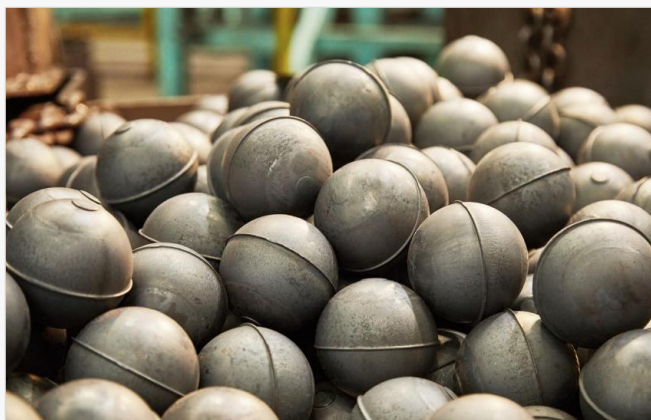

Auto Forging Company

Product & Application

EV

- Auto Parts
- Bearing Steel Ball
- Pipeline Flange

New Energy Equipment Company

More than **2** billion
Total Investment

14000t
Free forging machine

6600t
Free forging machine

3800mm
Plate rolling mill line

New Energy Equipment Company

Product & Application

Heavy forging

- Plate
- Die Steel
- Large Free Forging

Intelligent Manufacturing

Grinding Ball Production Line

Welding Material Production Line

Large Rolling Mill

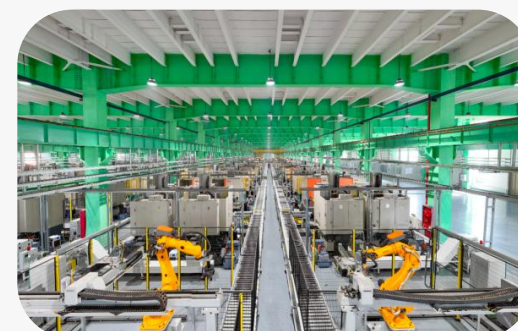

Section Steel Production Line

PC Steel Bar Production Line

Machining Center

Our Hotel

Marina

Roof Garden

Restaurant

Bottom-Out Pool

Bar

Ballroom

03 Sustainable Development

Our commitment

Low-Carbon Emission

 **150 million** yuan
Investment in green steel

 **427** acres
Ecological Park

 **41.3%**
Green area

Sustainable Development

R&D Center
Beijing University of Science and Technology

Sustainable Development

Employee Care

Favorable remuneration and welfare

A well-developed career path

Excellent corporate culture atmosphere

Healthy and comfortable workplace

THANKS
